

AMAR NARHARE

FRONT END DEVELOPER • UI/UX & WEB PERFORMANCE ENGINEER

Phone: +91 93704 78892 • Email: amarnarhare@gmail.com • Location: Bengaluru, Karnataka, India

LinkedIn: [linkedin.com/in/amar-narhare-b93776185](https://www.linkedin.com/in/amar-narhare-b93776185)

PROFESSIONAL SUMMARY

High-performing **Front End Developer** with 4+ years of experience engineering responsive, scalable web applications using **React.js, Next.js, TypeScript, and modern JavaScript (ES6+)**. Proven track record from enterprise UI development at **Accenture** to end-to-end client product delivery as an independent **Frontend Freelance Contractor**. **AWS Certified AI Practitioner** skilled in integrating AI models and RESTful/GraphQL APIs into intuitive, accessible user interfaces. Proven ability to optimize Core Web Vitals (Lighthouse 95+) and establish maintainable design systems.

TECHNICAL SKILLS

Frontend & Languages: React.js, Next.js, TypeScript, JavaScript (ES6+), HTML5, CSS3, Tailwind CSS, SCSS, Shadcn UI, Material UI
State & APIs: Redux Toolkit, Zustand, React Query (TanStack), Context API, RESTful APIs, GraphQL, WebSockets, Axios
Cloud, AI & Testing: AWS (Certified AI Practitioner), Generative AI API Integration (Bedrock, OpenAI), Git/GitHub, Vite, Jest, RTL
Architecture & Systems: Lightning Web Components (LWC), Figma-to-Code, Responsive Design, WCAG 2.1 Accessibility, Core Web Vitals

PROFESSIONAL EXPERIENCE

Frontend Freelance Contractor

01/2023 – Present

Independent Software Consultant • Remote

Self-Employed

- Architected responsive **Single Page Applications (SPAs)** using **React.js, Next.js, TypeScript, and Tailwind CSS**, achieving cross-browser compatibility, full accessibility (WCAG 2.1 AA), and sub-1.5s First Contentful Paint.
- Engineered **dynamic client dashboards** with complex data visualizers (Recharts) and global state via **Redux Toolkit and TanStack Query**, reducing API payload latency by **35%** via intelligent client-side caching.
- Integrated **AI services & generative UI components** using AWS Bedrock and OpenAI APIs, implementing real-time streaming LLM response interfaces, conversational assistants, and prompt-driven user workflows.
- Optimized **frontend performance** through code-splitting, lazy-loading, and bundle analysis, boosting average Google Lighthouse performance scores from **64 to 96+** across client web applications.

Application Development Associate • Accenture

09/2021 – 12/2022

Financial Services Technology Practice

Pune, Maharashtra

- Developed enterprise user interfaces utilizing **Lightning Web Components (LWC), Aura Components, JavaScript (ES6+), HTML5, and SLDS** for financial services clients migrating legacy banking systems to Salesforce cloud.
- Customized **UI layouts, screen sections, and route flows** in nCino/Salesforce, enhancing usability and loan processing velocity for **500+** commercial loan officers.
- Integrated frontend components with **Apex controllers** and REST endpoints, maintaining **85%+ test coverage**, and collaborating in Agile sprint cycles and code reviews.

KEY PROJECTS

AI Sign Language Recognition & Interactive Web App

React.js, TypeScript, Python, OpenCV, Keras, WebSockets, Tailwind

- Built an accessible web application converting sign language alphabets (A–Z) and dynamic gestures into real-time speech/text, achieving **95.30% accuracy** with a deep CNN model.
- Engineered sub-50ms latency webcam video streaming UI using WebSockets to render real-time bounding box annotations and confidence score meters.

TransitFleet – Real-Time Public Transport Geotagging & Fleet Tracking

React.js, Leaflet / Mapbox, Node.js, WebSockets, Raspberry Pi, IoT

- Developed a responsive fleet tracking portal visualizing live transit bus locations, custom SVG map markers, and dynamic arrival time estimates (ETAs) updated every 2 seconds.
- Integrated Raspberry Pi GPS telemetry hardware with interactive client-side map dashboards.

Autonomous Maze-Solving Rover Telemetry (e-Yantra – IIT Bombay)

Python, OpenCV, A Algorithm, HTML5 Canvas, JavaScript*

- Led college robotics team to the National Finals of IIT Bombay's e-Yantra Robotics Competition; built real-time telemetry visualizer for rover path coordinates and motor diagnostics.

CERTIFICATIONS

AWS Certified AI Practitioner (AIF-C01)

Amazon Web Services (AWS) • [Verified Active](#)

Salesforce Certified Administrator (SCA)

Salesforce • [Verified Active](#)

EDUCATION

Sinhgad College of Engineering (SPPU)

B.E. – Electronics & Telecommunication (E&TC)

Graduated: 05/2021 • **CGPA: 8.36 / 10.0 (Distinction)**
